With fascinating adventures between stars and even collisions of the most powerful creatures in the universe. Star Wars™: Galaxy of Heroes is a popular game with more than 10 million downloads on Google Play, which will make players live in this world where they can manage iconic characters in the most famous places. There, the fights are even more intense than in the movies, because the characters are put on the team that is always the best. Players will make the most of their imaginary characters to become a dream team and confront other groups. The number of characters will be many, because this version will bring together all the famous people from each era: from Solo™: Star Wars™ Story, Star Wars™: The Last Jedi™, and Rogue One™: Star Wars™ Story. Different combinations will produce militants, epic battles, unexpected variables. In general, the experience that the game offers does not disappoint the players. Star Wars™: Galaxy of Heroes will follow one of the most popular mechanisms to date. By turns RPG Wars allows players to maximize the power of the characters they own by organizing them according to a good strategy. In addition, the player also faces the bosses of the confrontation with the superior forces and controls the legendary spaceship, such as the Millennium Falcon. The later calls will be more intense and make the player must give the optimal tactics, accompanied by characters with maximum force. Since it is a synthesized version of the game, its characters are taken from a variety of versions, and are not limited to anything. This means that players are free to choose themselves as elite and dark and slow to collect characters from all versions. After that, continue to train, fight, set key moves to improve yourself. That's what it's all about. Battle, players not only fight on the battlefield, but also participate in space campaigns. This means they will be allowed to unlock and use the most famous spacecraft, such as the Millennium Falcon, and massive capital ships such as Admiral Akbar's Home One. The crew must coordinate with each other and develop different tactics. Each vessel has its own crew and tactics to maximize its power. Thus, the player must also add specialized skills for each ship so that they have maximum power. Also, be sure to recruit the best pilots so they can help you control the battleship as smoothly as possible. You can wield up to 140 Heroes Features to become the supreme leader of the rebels, dominate millions of soldiers and take part in cross-galactic battles defeat each enemy and become a master in the galaxy. In addition, players can conquer the universe through Squad Cantina Battles, PvP Squad Arena, and squad tournaments... Don't forget that you need to upgrade equipment and weapons for your hero to have strong fighting power.
